

# Specialty Mops

## Deck Mops

Our most popular cotton and rayon yarns are available on our standard deck mop. The yarn is attached to a wooden handle and securely wound to lock it in place. Deck mops are an excellent choice for light duty mopping. Other yarns are available on request. Sizes 8 through 16 are made with 7/8" x 48" handles. Sizes 20 and up are made with 1 1/8" x 54" handles.

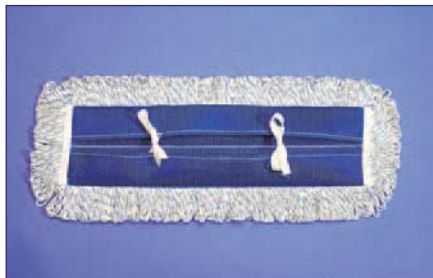

Size	Cotton 4-ply	Rayon 4-ply
8	911108	912108
10	911110	912110
12	911112	912112
16	911116	912116
20	911120	912120
24	911124	912124
32	911132	912132

## Bowl Mops

Made of long lasting, synthetic fiber attached to a 13" long plastic handle. The handle has a molded eyelet ring at the end for easy storage. Since there are no metal parts, it is not affected by corrosive chemicals. The deluxe model has a molded plastic cup to aid in squeezing out excess liquid. 3 dozen per carton.

Standard White	610310
Deluxe White	610320

## Flat Finish Mop

The flat finish system is the most cost effective way to apply floor finish on medium to large size jobs. Rayon blend, looped fringe is sewn to a mesh backing which allows the finish to be poured directly onto the mop. The result is a thin, even coat, consistently applied over the entire surface. Labor costs are reduced by 30% or more.

5" x 18"	7615186
5" x 24"	7615246
5" x 30"	7615306

## Wedge Dust Mop

For small, tight areas where a standard dust mop does not work well, the wedge style is an old favorite. The Wedge measures 12" x 16" and is constructed of extra full, 4-ply yarn. The frame opening is protected against wear by a sewn-in, 1/2" tape. A Wedge mop frame is available which utilizes a standard 54" wood thread handle. 12 per carton.

## Refills

Made to fit easily into a scissor style handle (v-type, sweep mop), our scissor mop refill is made from high quality, 4-ply natural cotton yarn sewn to a 6" cloth headband that is folded and stitched to form a solid head. The yarn length extends 3" from the edge of the headband. 12 per carton.
